

Notice of Public Information Meeting for Freeway Modernization study

Modernization Project

The Michigan Department of Transportation (MDOT) and their consultant CH2M HILL invite you to attend the first public information meeting open-house regarding the I-94 Jackson Freeway Modernization Study. The purpose of the study is to identify an alternative for reconstruction of the I-94 corridor from M-60 to Sargent Rd. Study tasks include environmental documentation and developing and evaluating alternatives. The purpose of the public information meeting is to obtain your input on issues related to the existing corridor. Representatives from MDOT and CH2M HILL will be available to answer questions and listen to your suggestions.

The open-house will be held Tuesday, January 9th at Baker College of Jackson, 2800 Springport Road, from 1:00pm - 3:00pm and from 5:00pm - 8:00pm. Stop in anytime between these hours to share your thoughts and ideas with our study team.

There will be more public involvement opportunities as the study progresses. If you can not attend the January 9th meeting and would like more information on the study please contact one of the following:

Michigan Department of Transportation
